

RESIDENTIAL POSSESSION - in 4 Pay-As-You-Go steps

A service for landlords designed to save time and money

When you decide to evict a tenant you want them out quickly and with the minimum hassle.

Get the process wrong and you could become liable for damages or even prison for unlawfully evicting a tenant.

That's why we have developed our simple 4 step process. The tenant may leave at any stage - that's why the steps are separately priced, you only pay for the service you need. All prices include VAT.
